Plan: The Dorchester

 2,292+ Sq. Ft. 4 Bedrooms 2.5 Bathrooms

Construction on **122 Sandywood Circle** is moving right along, and the interior of this **Dorchester Quick Delivery Home** in Grand Island is now beginning to take vibrant shape. With paint going on the walls, flooring being installed, trim being finished, and cabinetry on the way, the spaces are really starting to feel like home.

The **Dorchester floorplan** features a smart, open design that makes the most of its 2,292 sq ft—bringing together a generously open great room, a well-appointed eat-in kitchen, and a versatile front flex room that you can tailor as a home office, hobby space, or media room. Upstairs, all four bedrooms—including the generous primary suite—are coming together with thoughtful layout and style, and the convenient second-floor laundry is being finalized for everyday ease.

At this stage, you can *feel* the personality of the home emerging: from the cozy living spaces to the elegant flow between rooms—each detail adds warmth, character, and the promise of life inside. If you're envisioning holidays around a dining table, peaceful weekend mornings, or evenings relaxing in a stylish yet practical living space, you'll soon be able to see those moments right here at 122 Sandywood Circle.

This is the perfect time to follow along with the progress—because the finish line is in sight and every day brings this home closer to being move-in ready.
